

Ballistic NailScrews® Big Head Series

US Patent #9,291,183 B2, #10,865,824 B1, Other Patents Pending, Cdn. Pat. [2,648,647]

Screws Installed with PneuTools CN65S-3 or a 75mm or Larger Pneumatic Nailer.

BIG FLAT HEAD

Special made, full-threaded Ballistic NailScrews® with a larger head diameter of .273" (7 mm) where a larger head is required for your project. This head is **too large for a 65 mm tool** with exception to PneuTools CN65S-3. NailScrews have a Combo Drive insert with a #1 Phillips and #1 Square.

Yellow Zinc Coated (Interior)

NailScrew Part#	Length	Dia.
